A special meeting was called to prepare, on the instruction of the Chairman of the United States Intelligence Board, a paper which would review the needs for U-2 reconnaissance on strategic targets in Communist China as well as the need for targets in the Taiwan Strait area, a matter of particular concern to the Secretary of Defense. The COMOR prepared an agreed paper on the above subject (COMOR-D-2/20) for consideration of the USIB on Wednesday, 22 August and for subsequent consideration by the Special Group on 23 August. (Chairman's note: Subsequent to the meeting, the Director of Central Intelligence decided to forward the paper directly to the Special Group without going through the Board.)
